MEMORANDUM FOR : Director, Central Intelligence

SUBJECT: JRC Reconnaissance Schedule for June 1963

1. It is recommended that you endorse special group approval of the JRC reconnaissance schedule for June.

2. Your attention is invited to two programs of special importance to this agency. The first is described briefly under paragraph 6 of the forward, details are shown on the buff sheet at tab A and the blue sheet at tab B.

It is particularly important that the mission described on the buff sheet which approaches within 12n.m. of the coast be approved and flown as soon as possible. The mission approaching within 30n.m. will not acquire the desired photography resolution. It should, therefore, not be accepted in lieu of the 12n.m. mission.

3. The missions described in paragraph 5 of the forward and shown in more detail at tab C and the two pages following are sponsored by CIA designed to procure needed information concerning

The remainder of the missions appear routine.
